

The image shows the front cover of an old book. The cover is decorated with a marbled paper pattern in shades of brown, tan, and dark green. A central rectangular label is pasted onto the cover, containing the title in a handwritten script. The spine of the book, visible on the left, is bound in a dark, textured material.

Materia medica

Head Group

Allopathis parlance called astringent, draws up parts.
salts of lead are characteristically astringent, used in
hemorrhages, Ulcers, &c. also in burns,

Chronic head poisoning. first we notice head Colic, Crampy pain
in abdomen, abdomen drawn in, Constipation most characteristic
Astranguany, frequently in males retraction of Testicles,
may be Cramps and neuralgic aching pains in other
parts of body. & from rubbing, after this paralysis
Esp of wrist's extensor muscles, joints show a line, deep
blue, paralysis & atrophy & coldness.

The nervous centres rendered anemic by this astringency
of lead display their effects in the spasms,

Act on spine. paralysis with atrophy.

When white vacuoli are vacuolated cells soften & connective
tissue takes its place, sometimes sclerosis,

when trembling precedes paraly. hardening of brain
vice versa sclerosis begins in Spinal Cord

paraly preced by mental disturbance, by tremor or
long continued stupid feeling in head. Paraly with
anophry and coldness of parts x muscular contract^{ure}
urist drop. Paraly after apoplexy. locomotor ataxy
x Contract x Paraly. Anæsthesia or trembling of limbs.
delirium frequent alternates with the Colic.
like Bell x Cupb. has same liking striking. differ tremor
of head and hands yellowish mucus in mouth, patient
kicks and throws off her clothing, teeth become black
delirium increases x decrease of the senses.

Spasm of Glottis. Globus Hys, usually x leucorrhœa or
menstr x peculiar Colic alternating flow with Colic.
gastral distress from binding backwards x hard pressure
spasm of the Esophagus. pat can swallow liquids
but solids are vomited. scratching at night.
Uterus seems to prevent growth of Uterus, therefore abortion
when child takes strange positions seen often on waking
or after a cough, (Coloym Staphys)

tight constricted feeling in liver x Colic, yellowness of
white of the eyes yellow mucus in mouth aphthous
ulcers in mouth of a yellowish color vomiting of
bile sweet taste, gulping up of sweetish water
mouth has sweet taste

Coughing starts hard & is difficult to stop.
in dis of children when Spi does not suit w^d phumum
Chest dry hacking Cough x parulent expect; especially
indicated when alone follows hemorrhage from lungs
(also Chinc especially in excessive drinking)

Phum. skin is yellowish or bluish, Phum acet; humors
with bluish appearance dry, Decapitio bed sores
when they have a blue appearance.

Calic of phum is antidoted by Brandy. but among
the m^{it} Spi. Alumina.

Whi when we have lead poisoning bluish appearance,
* Trembling hands great weakness, best - Sul acid.

Whi when new pipes are laid in a house may have cases of
* lead poisoning from.

* Alumina, m^{it} stupor, feeling constant that his feeling
forwards, thinks his mind belonging to some one else
groaning in sleep crying out it is not I. Tell them to stop
heartful mood (like Puls) pulsating throbbing in heart
< going up stairs, x would be. feeling on face spider web x
heavy feeling of face as if made of metal

Constant itching of dorsum of tongue, Peculiar Construct
of Esoph, food is felt until it gets to the stom (vib. Bary)
dyspepsia, from eating potatoes,
When sore throat & warm food and drinks

Constipation, after head poison, During preg & in children
difficulty in expelling stool when passed it is soft,
(After Op. you may have Aluminum) When there is leucorrh
Pain) Great weakness after menstruation,
Secorr. copious transparent like white of an Egg
(resembles mackerel) Cough dry short Cough Coming
in morn & vomiting, better after getting up a little phlegm
Complemented here by Bry.

Alumina Pals of heart; an curative, in Chronic
Cases of locomotor ataxy, advanced stages,
(Stenosis of ant. column of spine) feeling as of a hot iron
wire thrust into lumbar spine. (this is found in Chron Myelitis)

Alumina Quits best dry thin subjects & consequently old
people, it has cured Rheumatic & traumatic paralysis,
mus. jerkings of head (Sapia) and well marked paresth,
with this there is alternate laughing and crying with

a constriction of internal organs, feet feel in walking
as if swollen or as if walking on velvet cushions. walking
with eyes shut or in dark patient staggers.

Rhagades < in winter & full moon. patient has
symptoms like Puls. better open air & slow motion.

* Alumen in Typhoid fever when hemorrhages occur from
wounds great clots of blood pass. severe cases
of puerperia, also in sore throat.

Action because more

Cuprum metallicum. Cupr acet thought to be more valuable
this idea is not correct and will not apply to the homeopathic
preparation. Cupr is a great alterant of Ozone.

Cuprum patens is therefore Curagates weak anemic
pulse large slow and weak, this is due to 2 causes
left heart is weak and blood vessels are weak.
in spasms, inflam of brain, ie pulse is as above
we may have a few quick beats.

Cupr affects eye slowly as a poison,

Spasms are due to an anemic condition of nervous
centres, affects motor nerves.

Spasm preceded by Trembling, Nausea and Great
retching, one or other arm is drawn tightly against
body. Thumb is drawn across palm of hand.

Lids closed eyes rolling under the closed lids. Lids
remain closed after spasm feel heavy. Spasm begins
with a shriek, in child after crying. Face their mouth
drawn back up wards and back wards.

Wrenio for spasms, x Writting, spasms of diaphragm
few coming in irregular spells by fits and
starts, Spasm of the Glottis in child after fright

of mother or nurse not spasms in the abdomen sometimes
in the limbs, in spells, sharp cutting as of a knife thrust
into the bowels. Intense sweat of limbs, x hicough Great
again, with stereotyped smelling vomit, (resembles Verat-
and Thuya) (Thuya not Colic looks hicough) (Verat Cannot
remain quiet rushes about from cold sweat)

(Opium looks hicough and spasm symptoms)

Whispering Cough in long continued attacks have suffocating
fits child Coughs itself into a spasm a swallow of
water relieves, Spears in whispering Cough.

Cuprum spasm of flexors. Spears spasm of extensors as
torticollis

Cuprum is a prophylaxis against Cholera. into Sulph.
^{1st stage when it fails.}

Cupr after Compt. in Cholera when Chino spasms Constrict
of chest. Skin lips blue, body cold, death like facies
behind the ear. Cartilage pressure in region of Stom
← from pressure. Blueness of face
pulse slow and weak but better from continually
moving about. Suppressed Cuprum. Resp suppressed

erysipelas when Bell fails, Opium from fright
In spasm like the tumblers, feel happy during an
epileptic attack. Convulsive laughter,
Patient cannot hold the head up. head falls forwards
also backwards, Sig head fall backwards,
laughing in vertex like ants, Exp when Catamenia
does not appear. when drinking water makes
a gurgling noise, Hydrocym water gets audibly
into stomach, Quia gurgling noise, Galle, (Cocculus,
when occurs in hystic), (Gusti creaking sounds
like creaking of leather when swallowing),
Chlorosis Capromtorpid Chlorosis, dropsy, skin has a
doughy feel, (Ferr plethoric Chlorosis erythema)
(Capr torpid) Ferr, false murmurs of heart, (Capr
org dis of heart) Neural of invol mus fibres,
(Arsenite of Copper best for neuralgia of lioceals)
Cough asthmatic > drinking water, Eup hysticis
mostly in herds of farms and here also Zinc

Cups deep sleep x jerking of limbs, long continued Emotions
Cause great weakness. Mental and bodily exertion Combined
Cause great weakness. (When business men Cannot sleep
on account of business have to get up and walk about
room for nights & nights this has been described Amblyopia)

Cups has > from drinking water Except Spasm of
Throat from some emotion water makes this worse
Verat has just the opposite.

Cups Bell > Cerebral symp. Musc. abdom symp.
Sugar General anticholin.

Ström awakens frightiness. does not know where he is.
Cups also —

Cups Calc. in fat Pothell's Children, may follow or
precede. Both have fear of going out of their mind.

x Stamm Tuss. argurus. hoarseness and roughness
of voice. Stamm often cures hoarseness, accumulation
of lungs. Quan. of mucus in Chest. Easily expectorated
disposed. Relieved by Copious Expectoration. feeling of
lightness in Chest after Expectoration. (Greenish Sputum
sometimes) more expectoration in morn.

If after giving Stamm expectorant gets blood streaked
don't mind it as this often occurs, but be careful
talking fatigues the Chest. Cocculus gets tired
after talking no other disease than this also Verat,
Calc Carb in other cases. Pithus pituitosa more
cough, relief from Expectoration, weakness of Chest also
Phos Sul, prolapse of uterus appear more painful
during stool, it is really a retroversion, during
pregnancy confinement no water passes, only may they
know water is wanting to pass is a distinct
feeling. Weakness of knees on descending
prostration relieved while moving about. Spasms

lime groups

in Children from masturbatory prepubic spasms
spasms seem to start from genital sphere.

* Broughton C. diseases of aged & scrap children
running thro' whole proving we have mental
and physical weakness. Child does not want
to play but sits in corner doing nothing, deficient
memory. Children don't remember. Enlarged large
abdomen and bloated face. in adults we have
mistrust want of self confidence, great aversion
to strangers, they imagine they are being laughed
at or criticized, sudden bursts of anger with
cowardice. Brain feels loose when they walk
this feeling in brain makes them stupid, mental
and physical in old men. paralysis of aged loss of
memory childishness. Trembling of limbs, Complete
paralysis of the tongue. Saliva runs out of mouth
during sleep.

(all these symptoms point to diffuse sclerosis)
Children sit in the corner. weak minds,

(The old school use the Chloride of Potassium in Children with good success) When travelling is most marked give *Spascianus*. Catarrh of Nasal Cavity, Sore Throat, Tonsillitis

light etc. Sub max or parotid become indur as hard as stone, often in Children dry scurf on head. Scabs in front of nose also an ulcer with frequent Epistaxis. Cystitis similar to Cat C. Swollen nose & upper lip. Difficulty in hearing. Chronic Cough of sort of Children swollen glands & tonsils. Diarrhea after taking Cold Pains in lumbar region (Dula) takes cold easily Pains in loins stiffness of back and neck diarrhoea worse in cold weather.

(Dula cold damp weather) Amblyopia in old people one of best, cannot look long at an object & cannot see eyes in dark. Suffer from Catarrh of old people after Aut. Test. Cough in presence of strangers, Cough always worse from thinking of it (also cough when other people come into the room)

Weakness of digest pain after eating abdomen
being hard and swollen, offensive sweating
of the feet; Takes Cold from getting feet Cold.

Food when swallowed seems to pass over sore
spots. (Treatables of mercurial glands Compare

^{Don't give Anti-C}
Iodine Children are cross when looked at - Great hunger
and yet Emaciation) (Calc C. Sour scalp sweat;
Self willed) (Calc phos anxious restless as they

seem imbecile stupid Emaciated thin all over
Cannot walk green diarr in morn)

Sil large abdomen, fetid sweat; large head sweat
of whole head, cupples weak, obstinate Cries
when spoken to) (Indur or swollen tonsils

Iodine dark people) (Bany C enlarged parot
after scarletina) (Calc Iod, enlarged tonsils
look full of little cysts) Ignat - Churn Enlarged
tonsils small fat veins

Sapar Enlarged tonsils, feeling of fish bone

hard hearing, (Lycs large tumors & nodules
with small ulcers.) (Panniculi Meti, Cures
tendency to tonsillitis) (Bony & tendency of
glands to suppurate) (Can not so.)
Bony. fatty tumors, ring worms, Scabies
Yellu. Lith @ best

* Skin Cark more symp of circulation than
Bony. flushes of face, pulsations of
arteries, treatment apoplexy & asthma first
surface, something feeling about heart, agony
constrictive, feeling as if a load on chest
feels as if a hot stream from nose and
mouth, bloody scales from nose.

Headache if Skin is similar to Sil further from
wrapping head up warm & from the Sun.

Erys lupu, see blue and green spots, after surgical

operations patient sees red. chair hardly
finished before he must go again, night diarrh,
edema of feet ankles after an old strain
also Benicta, Caries of bones of the legs.
moist eruption like dykosis, breaking in legs from
knees down to feet in Caries, paralysis of
right side of body.

x Salt of lime affect nutrition, Easily studied,

Calcareous Coal is not pure lime but contains a small
quantity of phos of lime. Calc phos is made from bones.

Calc fluor, adopted by Sherris for Exostosis, bony tumor,
Calc fluor pain in human spine like Rheumatism better from
continued motion good when Rheum fails.

Calc iod. Plump for children, but are weak enlarg? tonsils
when there is Crupis in the tonsils. in Serof opthal later in treatment
specks are cured. Chron nasal Catarrh loss of smell
now stopped up. absence of ingrowing

in dis of the Ear when perfor of membr tympani from Catarrh of middle Ear.

Cale Arsen. Epilepsy before attack pains pressure in region of the heart.

Cale Phos. adapted to children who are thin abdomen flabby, Child is white as in Cale with thinness of phos. second dent. Cross pains in limbs, large head non closing of fontanelles Esp post fontanelle, Complaints of school girls Espe for headaches. alternates if anxiously want to go home and when home want to go away again frequent sighing with pains in chest, Child screams out and grasp at things cold sweat on body. angry and get hurt themselves after feeling as if beaten or diarrhoea alimentis from grief or disapp love. remember things long past but forget recent events. Children stupid dull, old people stagger when rising from sitting bones of skull are thin brittle, headache > Cold masky from mental exertion < from lying in bed and from bodily exertion, Hydroceph one of best Curati remedies Cogan Hydroceph have this "Cannot hold their head up". Phosphorus affects sutures where bones unite, headache along track of sutures

helps to unite bones after fracture or operation. (an artificial suture) Excoriating dis from Ears. creep above and behind the Ears. Pus or fluid in open air. Shopped upon a warm room. Pallor pale face, swollen upper lips, Acne of face, face gets hot. decayed teeth very sensitive of air, esp dense capitation. Pain in Stomach always after eating. Cold water and ice Cream Cause vomiting next morning. diarrhea after eating jelly or sour things, green shiny stools in Children, offensive, (Cold sour) (Hydrocephaloid Complications to Linc as well as phos) Chol infant great mac imper growth, Child longs for hamfat. or fried potatoes. Aching soreness around the navel better after passing flatus fetid) Rachitis Crip when bones kind to bend outwards, not incl to walk or exert. mind in body. Constant stretching, feeling as if sacro iliac sym was broken, Sore ulcers in Anus and Stomach. Consumption, in 3rd stage Cavities in the lungs,

* Calcarea Carboni not pure Carbonate really contains some phos of lime.

has a critical disarrangement hence growth hence suited to growing child, no good for old people. The older the person the less will they tolerate many doses. This refers to low potencies of remedy. Can be given after in high potencies.

Patient flabby fat, bloated almost resembling an ascaris pale almost chalky skin, slow movements, large head open fontanelles, large abdomen like an inverted saucer upper lip swollen, in fact all the features are large and coarse, scalp sweaty, feet cold damp stockings damp patient suffers from partial sweat, sweat only on knees patient who were Calc C before sickness which has thinned them down. Emaciated children, pale, - abdomen large.

dentition is slow or irregular. General appearance of children must indicate Calc C, irreg teething or lower teeth coming before the upper or lower before incisors are done coming.

Scars, blue veins show on the scalp, seeming to increase as child is sick, on being aroused from sleep child scratches his head.

Mind Easily frightened, delirium tremens, anxious about his health continually complaining (Sapi Clem Lycop) Constant fear of going crazy of losing his mind & that others will notice

It (God) desire for mental labor but unable to perform it
head vertigo when ascending, or looking up. Congest-
to head after Bell, frequently comes about 2 days
after dinner. Red bloated face, & after spirituous drinks,
feeling as if a board pressed on the forehead. Cold feeling,
as of ice when lying on head (vertebrae) (Bell uniciput for head)
(Calc phos verteb) burning feeling on top of head. (Sul)
(also phos) Eyes seroph ophthalm. Especially when alacens
or speaks on the cornea, little blebs on the
cornea with a number of little blood vessels running into it.
Excessive photophobia worse from gas light.
(Pains come and go quick Bell) (vids Ars.)
(Great photophobia seems no inflam, little blebs coming
equal) Calc C for the results of Seroph ophthalm. Esp
opacity of cornea, (Laccharum off lungs abdomen
has also opacity of cornea peculiar whing, Complaining
miserable mood) inflam of Eyes after foreign bodies
have entered after Acen Sul.
Ear hardness of hearing & large bluish Erythema Catarrh
Also after Abuse of Quinine (affects Sight-Ear Calc C.
Otitis of Seroph Chib, polypus of Ear

Useful Tree after Bell. Useful in connection with
Nasal Polypii, (best medicine for polypus) Senecio relieves
offensive breath, fullness, constant cleaning of nose.
Cold Fluor, Nitrum is Kali Nitrum dist from rose like vinegar
acid. (also useful.) Cold C ^{nasal Catarrh} swollen nose loss of
smell, nostrils ulcerate and really Epistaxis dark blood
from nose. Sulphur smell of gunpowder, putrid Eggs.
Itching in leg of whiskers, Clandruff in whiskers,
Nails turn itching and Camp borders of whiskers.
(Parot glands after Fluor in scarlet fever, enlargement)
Wrenches, Toothache Carious teeth ache from least
draft of air & drinking anything Cold. Toothache
during preg and after Catamenia.
Throat Chronic Catarrh of fauces enlarged tonsils
swelling of uvula little vesicles blisters on it
feeling as of a feather in the throat, Constant itching
to swallow the Saliva & warm drinks.
Sensat of a lump in left side of throat

Stomach faint weak feeling no more better in
eating breakfast, desire for salt food smoked meat
longing for Eggs. suppurations very common in Chol infant
(Cause & from salt) food tastes sour, long last
heartburn esp after eating dinner & belching wind.
sour vomiting during teething & Chol infant,
milk and food are sour, diarrhoea sour, white
milk vomited is curdled, Rhenum sour medicine
but stools are fermented brownish & great stinking
(Japan sour vomit, stool, Child smells sour
stool green.) hard indigestion stools, inflammation
of nares in newborn infants also Ans
(in treatment of these ulcers sac lac sprinkled on
pakt, (Kali Car Nakt M.) (if the Caracus is
not closed and urine passes thro nares Nyo)
Cold C. pungent smelling urine, white sediment,
Hamaturia esp in polypos of bladder and also
from cheek hemorrhoids

Erects are of too short duration living and shivering
along the urethra during dis. of semen.
Spermatorrhea after Nuxtom, Sulph. also after
marriage when coition produces great weakness
this may occur in men who have prostr. mas.
Weakness of legs in the knees after animal Emiss.
(for weakness of recent Orig. Nivocor)

Menses too early and too profuse, have anovous
cramps preceding the menses, throbbing headache
erupting up stains, Cough to head and chest.
Least excitement brings on profuse Catamenia
from seeing fine sights &c. Leucorr. Ery in little
girls prepubertal, Carboph more than Calc C.

Calc C. looks like milk coming in gushes Ery during
maturation precedes Catamenia, if partially Cured
and gushing remains give Lycopod,
sterility in fat people, or those who have profuse
Catamenia, prolapsus uteri with symptoms Remedy
Belladonna

note Japar. antidotes metals^m generally.

Cale Card. hoarseness, powerless hoarseness, sometimes in
 coughing feeling as if something was torn loose, in
 singular form atony of organs, hawking of mucus without
 pain comes up easily, For relieving Cough in Children
 in going to bed, or many cough in sleep without awakening
phthisis, 1st stage pleth young & virus sympto but more
 esp 2nd and begin of 3rd. hemorrhages occur Caustic present
light lung affected, light sweats in first sleep. icy coldness
 between the shoulders,

Cough often occurs during and after Eating, sometimes
after drinking H₂O. Cough and bringing up blood.

Asthma dyspnoea referred to lower lobes, fat patients
esp when you suspect fat about the heart. When natural
fat about the heart is increased, found also in fatty degeneration of
heart, Asthma worse walking against wind and when walking
path of heart prevents sleep on which awakens them from sleep
after eating, Thrilling sensation in chest leg of heart pain running
down left arm. (furthering in chest note M)

Crura of spine (dorsal leg) consequently upper breath
pain and coldness between scapulae, pain from spine in
back from lifting reaching, also Rhin and Sulph.

Kidney disease esp adapted to 2nd stage child scratches the back
on awakening, diarrhoea worse towards even. Rheumatism
of joints specific brought in by standing or working in water.
Lumbago after failure of Rhin. Sleeplessness from
many thoughts crowding in the mind. Child awakes
suddenly from sleep and points to some extraordinary object
on the wall. In ty fever an object the eyes sees persons
they disappear on opening (same as Bell)

Ty fever 14 days but more stupor kidneys get bedridden germs
losses about, sweat on certain parts.

This looks like typhoid can be given where there is diarrhoea

Rabbits stools white and sour, bones of head grow longer
Colo C. affects ears of bones,

Colo C.

mind becomes vexation
anger living in Calamena
and heavy feet.

Vertigo more young people
Aut fontanelle bones of
skull tend to grow thick
and large.

1st dentition

warm throat < warm drinks
> better after breakfast

2nd dentition

Leptos

<

Ice cream cold <

flabby abdomen Emaciated

Green anures

suffocate spells turns blue
turns head back when
raised from cradle.

C. phos in incip stage & burning spots in lungs, hawking
fumes in nose coming gagging, burning down
whole length of spine, nose sweat (in last stages
use hypophos of lime in low potency 3rd or 6th).

* Lapar Sul Calc, always on aagg from slight touch a
feeling of soreness and burning from same.

headache aches in forehead like a hot sun from pressure
of heat, inflame of eyes when lids are edematous and cheek
looks blue below the swelling, little pimples surrounding
the inflamed eye. Mucous glands suppur. Spasmodic
closure of lids Evening photophobia. Symptoms of
eyes worse from slightest touch & burning eyes,
treated for hypopyon, discharges from same
pimples swollen soreness to touch on lying on it,
nose feels sore as if a hot sun forming in it, sub
maxilla is affected at times frequent croup from
very exposure to cold, Coughs fluent from dry
cold weather no association with headache also
in mind

Erythema of face (after Bell). Comes out early
in the morn and disappears rapidly. Neural
of face & lids (after Bell) with extreme soreness
to touch. yellow vesicles of lips and face &
from touch. tip of tongue painful burns
awakening them in morn

Pharyngitis after Bell when sup. threatens
Neural of a splinter & neural winds and
after Eating (each step in Chron dyspeps)
Constant rising of H₂O in Esoph, longing
for acids sour wines Condiments, Euphy
feeling in stomach. Dis^{ting} of pit of stom Compels
me to loosen the clothing & from sneezing and
coughing. Feels moment attacks of nausea
> better after lying down. in walking stom
seems to shake up and down
Sketches in liner. Strong comfort feeling after dinner
pains > Crutch & Eating

Salivary salivary runs out & side of mouth
Coughs & throat hard dry. or expelled with diffc
Dry colored stools frequently with the chin
up. Croup in bends of knees and elbows.
Dyspepsia from abuse of blue mass (Hg).

diarrhoea very smelly whitish in child or greenish
slimy diarrhoea, Urine is passed slowly much
later along time before it comes and then there
is no propelling force.

Chirrus odor of mammae - string having dis
tinctive like old cheese.

heart hypertrophy which pains palp & anxious feeling
of debility about the heart.

Cold loose rattling morn'g cough, in old people
when they go out of a warm house their throat
after a while full of mucus.

In merr's Croup never give drinks containing acids
acids of any kind, and not after before Sul Cal

drop swelling of feet around ankles if breath
soreness of soles of feet from walking.

Test sleep head through for back. (Croup).

Croup when it is unperignous after abuse of salves
itching more in morning, and from touch

suppuration. Iapar 200 will frequently control the
process, or stop suppur. Iapar 3x will promote suppur.

Sil supp in deep structures also in chronic suppur
when it refuses to heal. In wounds Iapar & Calend
are complementary. Iapar finishes what Calend
fails to do. Ulcers extreme sensitiveness bleed
easily corrosive pains Cough & Croup. Does not
suit for begin of a cold useful when other medicines
have failed and done no good. (same way with Puls)
Tendency to faint from slight wounds (Valerian
spasms from slight wounds.)

Not Kali Caust not Caustic Potassa,
hard to tell what kind of a compound it is; it may be a
Compound not purely Chemical.

Causticum best adapted to Caustic gouty, Rheumatic
and scrofulous. Ment gloomy, sad. dis to look on
dark side of life weakness of memory absent-
mindedness, any attempt to work mentally makes
mind weak. Reading sitting erect gives
itches in temples, Children are frightened of the
dark. Compare with Baryta C. both ^{are} similar
to Seps. large abdomen. Ears bodies absent mind
mistaken,

Baryta C

Ment weak brain indurated
or sclerosis. whole body
scurf. old people -
paralyticians from sclerosis

Caust

Ment weakness from paralysis
Condit; in symp weakness of
legs esp the angles child stumbles
and falls.

apoplexy symptoms
when after Sclerosis from cicatris
glandular medicine

Since all over head

Paraly from weak nerves
or Soft-brain.
less action on Glands &
only one is Thyroid.
Linea Cap on Occiput

Can't subject to spasms. Colic, paralysis.
Spasms at time of menses, before we may have sadness &
face sallow yellow. Eyelids are heavy, (upper)
great pressure in abdomen if when this pressure
is felt but can't get a drink cold water, will ward off attack
face red and sweaty, nodes swell on scalp, coldness
about joints, tongue coated white down side,
spasm of rectum. Can't stop great urging, has to stand
up to make stool, face gets red and ment- anxiety.
Whispering Cough first stage when drink of water relieves,
after " when dry teasing Cough remains,
distort of mouth and tongue when talking. (like Sepsis)
spasms x lightness and tremors, paralysis after spasms
(Coarct Cap) weakness of flexors. Phos, &
one sided facial Paralysis (Gals) Dimness of sight
after headaches. Pregnancy momentarily &
from bulging Eyes (Phos Sil)

momentarily
(Sib. dimness of sight, with uterine troubles)
Retention of Urine from paralysis of mus. coat of bladder.
Causes of the paralysis soft of brain hopeless despair
fear of death giddiness, paralysis from dry cold wind (after
croup) as a result of Rheumatism after Rhin.

Takes cold, dizziness, backache, worse on rising > after
rising invol. noddy of head on reading or writing
Working lasting all day after Emis. in case of Urine
Spouts out during Cough. In winter Children cannot
hold their water (from cold) (vid. Sep.)
Numbness & side of face. Red flushed face pains
effusion from malar bone to mast. portion in the
patient; & night, Colic < last food from tightening
the clothing, better from bending double.

Muscle Rheumatism then headache, Cause nausea
tiring in Ears hard hearing. Rheumatism & from
least cold air > mouth of bed. Paralytic weakness
as a sequel to Rheu, also stiffness of joints, from
Concretions, (for simple stiffness Colicyn)

> smoked meats

< Fresh meat diarrhoea found in Consumptives,
Feeling as if lime were slaking in stomach
Over working tongue white down sides.

Piles worse when thinking of them, worse from
fear or motion.

haler sin pains to Colicyn, after Colicyn.

Feeling as if Everything were tight as if pelvis was
squeezed together.

Urethra bright red. profuse stooling, absence or
decrease in Quant of milk.

Larynx and Chest hoarseness in morn, aphonia,
tiredness a burning or aching paralytic weakness
of laryngeal muscles, spurring of urine during Cough
pain over hip during Cough, (tight?) influenza (like
this) soreness in trachea, soreness and weakness
of legs, Cough > from drinking water.
Sneezing makes Cough worse

Has larynx, assist to breath, Coughing and speaking &
trembling, great nervous Exhaustion, larynx feels as
if lined with fur or velvet often associated with
tuberculosis with blood streaked sputum.
face pale, white of eye looks pale.

(pharyngeal hoarseness more common) (Cough more)
(Chest & hoarseness in even, stitches in chest larynx
and trachea)

Cough in Croup, spasmodic or Colicoidal Croup
looking for breaking up cough.

Skin Tinea Cap occipiti, Acute Ecz on nose eyelids
forehead, Marks of Cough are fleshy, Throat ready.
Cough Cures walk by supper.

Salts of Soda

Natri mur

Sep. Apis. Hydrophobin

Rhus. Bry.

Caust. Kali C. Sep. lypo. phos d. Calc C.

Puls. China Eupat. perfol. Apis, Ars.

Lach. Merc

Argent nitri.

> Nitri Spi Balaia
Ars. phos.

Soda salts are particularly indicated for Complaints
Coming on in summer Patient cannot bear
at thunder storm, Cannot bear rays of sun Natri C headache.
Natri mur. faint feeling, languor from the Sun.

Natri mur is a general tissue stimulant found
in Aqueous, Vitreous and Crystalline lens of the Eye
1/4 to 16 per cent. It stimulates digestion first adds
to the tone & stimulating effect on gastric villi
also mucous glands sudorific & sebaceous glands.
Stimulates the blood and nervous system may be
used freely powdered on contracted muscles
as Chlo. fast it stimulates the muscular nerves

Schiz. batho contig salt useful in amenorrhoea and debility
Racem's Osmosis. Antidotes when table salt is abused
best antidote sweet spirits of nitre. few drops in
half a tumbler of water Ars & Phos also.

Mind sad and tearful Consolation always aggravates
(Puls. imular prefer consolation) disposed to vehement
anger even at trifles. Sick headache, heaving and
throbbing in the forehead as of little hammers. becomes
blind with headache, worse from moving Especially
the Eyes, relieved by perspiration This headache occurs
in school children esp boys worse from mental or
physical labor. (Boy) (Boy & from sleep over left Eye)
(Const) (Kali lix. blindness comes before the headache
and decreases as the headache is cured.)

Eyes useful in amblyopia (phos and Sulph) black spots
before the Eyes always water in the open air. when
attempting to read letters run together. letters look
blurred and pale.

One half is white the other half dark. Sarcophthalmus
up after abuse of AgNO_3 when there is acid
tears (frequently follows Aro) Intense photophobia
with spasmodic closure of the lids.

Mucous mem. Causes a clear mucous secretion
Coryza suited to advanced Cases, loss of smell and
taste. Throat nurse caused by an herpetic Eruption
Caused by bathing in the sea, (Linc) swelling & constriction
of the throat especially in Chronic Sore throat. Sensation
as of lump in the throat; patient hawks mucus every
morning. Hoarseness with accumulation of mucus
in larynx in morning (Stamm) Dry tickling cough
irritation seems to start from pit of Stomach
tissue morning. Leucorrhoea profuse clear mucus
(Alumina) or when greenish increased by walking
about (Sepia Complements) Paralysis usually
Chills and fever after Quinine paralysis from Emotions
suited for half paralytic stage noticed in hysterical

Young girls, lack of coordination they stumble, one
part seems to go ahead of the other. When attempting
to sit up they move further than they intend to. This
signs in Chinese very useful jumping up and down
patients are awkward can't handle anything
they drop things. (Cris laugh at this awkwardness
house Am. making very tired) heedlessness of
the legs can't keep still must do something.

Intermittent neuralgias after Zimino pain across
malar bone in the face. Children don't learn
to talk heaviness of the tongue difficulty of speech
feels like a hair or feather on the tongue.

Syphilitic pneumonia weak faint voice breath hot.

Nutrition useful in several prominent symptoms Great
weakness of voice Chlorosis men's scanty or absent
or with characteristic sadness vehemence. Yellowish
complexion fluttering about heart like a bird, weakness
of voice. Probable when in men on rising Cutting in
the female urethra after menstruation spinal
irritation the whole column sensitive relieved by

lying on something hard. Skin harsh dry wrinkled General
Emaciation, Useful in Summer Complaints when there is
great Emaciation. Up the neck (Nasal in whooping Cough
neck) A saturated hot solution of salt will frequently
cure sprain especially acute sprains. Contraction of
tendons Especially the ham strings, digest bread disagrees
aversion to Coffee hazing for Optics fish and milk
with hardness and swelling of pit of stomach hazing
for luther things Old people have this symptom.

(Dig Acon?) Feverish heat after breakfast after breakfast
and of bad feeling in stomach retained by buttoning the cloths,
Constipation faces hard as stone Causes fissure of
Diarrhoea watery feces and sticky mucus x thirst Saliva
very foamy, Skin of face has oily greasy appearance
humid Eruptions, looking hard and angry smacking the hair
together (Graph Nails more luster of hair) Herpes
labialis (Rhus Sap Ars Acon) Herpes in bend of the
joints (Sepia same) Urticaria in hand and bend of
joints always after violent exercise, Tetter oozing can now
flow when without fault where there is newly chapped
and cracks of a City very useful. (Also on sea shore or
little off) Chill at 10 AM Commences mostly in feet
following intense heat with intense thirst & headache

after this then sweat which relieves all. Sometimes during heat there is shivering with weakness in the legs with faint feelings. Hydroa great debility Complex yellow. Especially after abuse of Quinine. (Albis) (Eupat. perfol. has from 7 to 9 am chill in back thrust during chill. (Also afternoon chill headache after sleep.) (Nativum relieved everything to sleep.)

✓ Kali Carb
" Carbo Veg. Phos.

✓ Kali Chloricum

potash salts are Essential to the growth of muscle
useful hence in muscular debility acting directly on
the muscles hence in diet mushrooms are very excellent
containing a large quantity of Kali Salts. Many of
salts of potash cause a complete paralysis of heart
acting directly on the muscles. Also found in the corpuscles
more than in the liquor sanguinis just because of Nativum

salts, Soda salts more awakening when beginning
to use up stored oxygen, Potash during sleep when
storing up oxygen, soda salts mental state melancholy
sadness, depression & acting more on nerves produces a
paralytic action Potash salts muddy anxiety Easily
startled irritability and acting on muscles, produces
a paralytic state,

Kali Carbonicum

Mind Easily startled, noticed in all diseases E.g. when
touching the feet; Imagines birds flying in air.
Headache stitching pains & riding in a carriage
Eyes weakness of Eyes after loss of fluids Canen,
(Cina) Earache dis. of liquid wax or Cerumen

Mucous membrane Kali does not cause simply
an excess but purulent mucus, Anxiosa dry
in doors but fluent out, itching in nostrils dis
yellowish green or puriform discharge Smells offensive
Some crusty nasal opening and often bleeds. dullness
of smell rough voice, hawking up of firmly adhesion
mucus difficult to detach or complete aphonia sensation
as if a plug in the throat. Cough in morning

Terminating in gagging and vomiting. (Cause morning
aphonia is but has soreness and soreness in chest
and larynx esp. in influenza Cases with rheumatic
soreness in limbs, urine spurts out during Cough
Pain over hip during Cough, relieved by drink of H₂O.

Chronic Cases Coughing, weakness of all laryngeal
muscles & sometimes facial & glossal paralysis.)

Kali @ morning aphonia is but stitching & hanging in the
larynx, Coughing pharyngitis hence plug in throat
also pain in larynx & spine, while swallowing
not relieved by water but causes gagging and
vomiting no paralysis, Capillary bronchitis and
pneumonia Symptoms, face pale & edema during Cough
pains are referred to the abdomen, (lower lobes being
affected) sharp stitching pain lower 3rd right lung
to the back Extreme Cases face becomes livid and puffy.
especially a little sack of water over each upper
eyelid and edema of feet.

phthisis stitch pain thro right lung and thro body
generally, sputum is difficult to expectorate must

he swallowed again contains pus Globules. Especially
indicated in Phtisis after abortion or Confinement
after associated with dyspepsia symptoms
pulsation in the abdomen, Emphases in the Stomach
and uncomfortable feeling after Eating. Especially soup.
while Eating pain in back and legs. stitch pain
in right lung to back, (Mere Vir, Mere Corr, Mere Sulph
it takes away the breath worse from 4 to 5 PM hydrothorax)
Mere prohi pad also from sternum to back, Mere Sul
or Cinnabar diagonal pain through right Chest,
Keli hydriod pain from sternum to back, (Sulph
pain through left lung to back) Nahi Nur with Crampy
feeling in the Chest, Lilium Tig starting from left
mammary, Crotin ty pain in lung especially felt
from nipple to back like a string drawing. (Sano from
back to chest) Gonitals Amenorrhoea useful after
Nahi Nur fails the apparently indicator, Useful for
postpartum debility, lumbar backache Great weakness
threatened Consumption dry Cough night sweats

and metorrhagic, Dropsy sudden oedematous
swelling esp in old people, dropsy with nephritis
swelling of feet, esp when caused by getting wet.

Muscles Paralytic state of heart irreg weak pulse
inerratic Cury 2nd heat, Sunbago sharp stitching
Pains awakens patient about 2 or 3 am

Pains across the lumbar and to the thigh also
useful in labor pains Paralysis of old people
especially women, spasms with extreme sensib
of spine relieved by Frictions.

Cause Spasms x great pressure fit of Stomach

Kali Salks call all aggravated from 2 to 5 Am.
especially Parotitis 2 1/2 Am

Kali Chloricum, particularly adapted to an aphthous
and diphtheritic state of mucous membrane. Useful in
Chinacocca when from abuse of opium. Profuse
morning. Congest. Twitching of muscles of face, brassy
or Coppery. Tāshī throat dark red patches here and
there, - dirty yellow very fetid breath, scorbutic condition
of the gums and teeth, chilliness. Follicular pharyngitis
expectoration of little humps like split peas. like Cheese
horribly offensive to smell and taste. Causing an irritating cough.

Ars. lach. Sang. Brom. Iod.
~~Wich. Ammonia~~ pulv and Thuja.
Sapio, Sul, Sycopo. > pulv & Sach.

Kali hydriod ^{III} Iod. Mere. Mere. iod
Ant-tāshī, lach. > Hepar

Kali hich has map tongue Sipho

Kali hich, Acts best on fat chubby children,
light complexion persons or children, Acts specially on
mucous membrane and skin. Causes inflammation of
the mucous membrane (not catarrh) which causes the
formation of a plastic exudation or pseudo membrane
Croup membranous especially in light haired fat chubby children
tropic cases where the disease has had an insidious
commencement. Cough Croupy and metallic, fauces
red tonsils swollen and red membrane kind downwards
towards bronchial tubes Cough also seems to go down
and seizes at the subglottic cartilage also oppression
there the cough comes after eating the cough comes more
in bronchitis than in Croup. Effortful cough and stringy.
when membranes travel into bronchii, Patient has
smothering spells, like breathing through small tubes.
(Banguiroia Cough is between a snore and a whisper.
Lach follows or precedes Kali hich well.

Bronchitis Expectoration high Croupy or stringy andropy.
also there may be a partial formation of a membrane
Throat swelling of tonsils dark red throat one or the
other parotid gland enlarged pain from ear to affected

parotid deep ulcers in the throat as though punched out.
Tongue coated dirty, thick yellow white discharge
shagging phlegm or chronic large green clinkers in the morning.
Trachitis. (Abscesses anywhere) when pus is so thick that
it will not run may come Every spring.

Nasal blood blood thick and dark. Follicular pharyngitis
one of best remedies after abuse of Mercurio.

Eczema follicularis. Sores at night. Running from
ear to glands of neck. Lencor yellowropy stringy
Eyes pustular Conjunctivitis granular Eyelids frequently
appear during an attack of measles. Iritis specially
to remove the fibrin from Capsule and Iris, (Old school
dilates the pupil ^{with atropin} Kali bich will cause absorption.)

Oedema of lids. Skin Erupt like measles,
Erupt worse in hot weather pustules resembling
Smallpox but more like Ecthyma, Ulcers on
mucous membr or skin tendency to Eat down
oval in shape look punched out. border hard sometimes
yellowish and may even over ride the Circumference

Stomach and abdomen, dyspepsia force fed and blotchy
Conjunctivas yellow, tongue broad flat and ascolloped
edge surface thick dirty yellow coating great craving
for lager beer, and worse therefrom, worse from meat
full uncomfortable feeling immediately after eating
Lycop. Cough after eating Especially dinner,
diarrhea periodically occurring toward summer
tongue dry but cracked and shining, rheumatic
pains wandering flying about (Puls) worse in
cold very apt to occur in spring rheumatic pains
alternate with gastric symptoms. Small faints
mostly affected, sleep suddenly aroused from sleep
2 or 3 am with choking and oppression with
violent palpitation of heart; through the day complaints
of coldness about the heart. (this coldness is produced
by striking the water, mur) (also Kali chlor, (Chlor coldness)
antidotes Puls and Sacheris.

Kali hydriodicum Useful in syphalitis Scrof
and mercurialized patients Mercuridy more
suited to secondary symptoms of Syphalitis.
patient bloated face in face, body is Emaciated
bloated appearance may come and go suddenly
no appetite, (God Extreme hunger with emaciation)
Headache as though temples were squeezed in a vice.
This is a symptom of menses feeling as though the
thighs were squeezed, Chronic Spinal meningitis
Effusion with Paralysis with this squeezing symp
in the back also especially in Syph mercurialy
and Gouty constitution.

Coryza in Syph Children and also in adults after
abuse of mercury in adults attacks come on at
every change of weather discharge excruciating
the upper lip frequent sneezing. Swelling of eyelids
neuralgia pains in face worse from least draft of air,
Childrens upper lip very sore, Kali hydri is better than
Morc

Kali hydri tends to Crustaceous formation and ulcerations
Kali Chlor more to diphtheritic & aphthous formations or
corrosive forms. Kali hydri useful in Bright's disease
Corn is syphal or gonitis or rheumatism. history.
swelling of feet puffiness of eyelids pulmonary edema
has expector looking like soap suds. sometimes green
pneumonia with extreme hepatization of lungs. death
red puffed face, snoring breathing, paralysis of limbs,
dilated pupils. Erysipelas, Effusion of brain threatens
in this case & Bell will do no good. but Kali hydriod
is the remedy. Heart smothering spells, must get
up or they will suffocate. Skin papules mostly in
face neck and shoulders, boils in some localities
small and quick prominent and if they ripen they
are apt to leave Cicatrices
